This chart represents the dues structure adopted by the National Confectioners Association's Board of Trustees.

To determine the amount of your 2025-2026 membership dues, please find the range that includes your estimated 2024 gross confectionery sales (the total amount of revenue produced by the manufacturer, packaging, re-bagging or primary marketing [of your own brand] of confectionery, or the processing of cocoa products within the United States). International companies only have to estimate the amount of sales revenue made within the United States. Domestic manufacturers do not have to include revenue from sales outside of the United States.
